Superintendent's Highlights

The holdback of funds from the Dietrich School District for the 2001-2002 school year – coupled with the legislature's cutting of public school funding for the 2002-2003 school year – will slow the district's ability to implement the new State Achievement Standards in the most appropriate time-frame.

Notwithstanding the above, this district, along with every other Idaho School District, will do everything possible to move forward with Standards Implementation.

The successes that we have each year in Dietrich are a direct result of the dedication of the staff and the partnerships with our parents. Classroom by classroom, individual student achievement is increasing, thanks to the high expectations that teachers have for their students
